## Go Dotty Tile Rules

01.2021

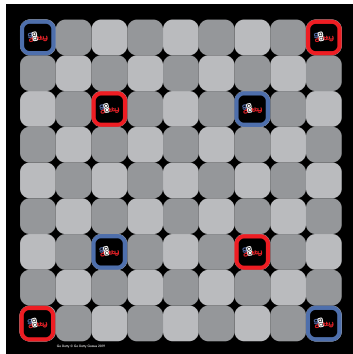

Set the side of the board you wish to play on and then place the **Go Dotty tiles** as seen in fig. 1 – 3.

In this game the **Go Dotty tile** counts as a blank scoring tile. These tiles (in this game) are similar to the **Block-Build tiles** in the fact that they are numerically neutral, the difference is that any player can place tiles against them, and they can count as a scoring tile but only to the player with the same colour.

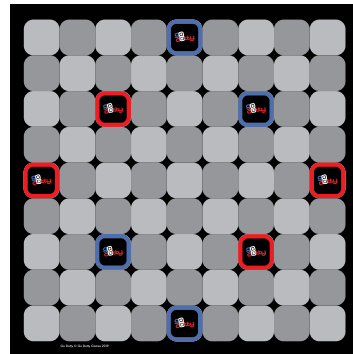

All other rules apply, so if you create a line-of-three with one of these tiles then the player with that colour (who scored the line) can't build off it.
